Compatibility of Tamsi Waterproofing Membrane with INEX>Floor and INEX<Sheet

We advise that our tests have indicated that the following Tamsi waterproofing membranes are compatible with the above UBIQ products.

- Tamsi Easyprime
- Tamsi Hydrostop (for damp surfaces)
- Tamsi Protect LX
- Tamsi HiBuild LX
- Tamsi Barrier PU
- Tamsi Tough PU

The above products meet the criteria of AS4858:2004 – Internal Wet Areas Waterproofing and the criteria of Greenstar.

The compatibility of our products (listed above) is subject to:

- Our products being applied as per the relevant product data sheets on to correctly prepared surfaces.
- Our products being applied to correctly installed INEX Boards.
- The INEX boards being first properly primed using Tamsi Easyprime.
- For waterproofing, the application of products should be in accordance with AS3740

As a manufacturer of the Tamsi Waterproofing materials, we provide 10-year warranty providing that products have been applied in accordance with Company directions, recommendations and guidelines. Such directions and guidelines may be procured from the Company or from one of its Technical Representatives.

Yours Sincerely,

Michael Reiners
Director

Tamsi Industries Pty Ltd
